Brunello di Montalcino DOCG Riserva

2020

VARIETIES

100% Sangiovese, Banfi clonal selection

DESCRIPTION

A Brunello born in the estate vineyards that the zonation studies, which started in 1980, identified as the most suitable for Sangiovese.

Mild temperatures and scarce rainfall during both the winter and spring seasons favored an early start to vegetative growth. In June, several rainfalls occurred, accompanied by mild temperatures, which allowed for a remarkable vegetative and productive balance in the vineyards. The remaining summer months were warm and sunny, enabling perfect veraison and ripening of the grapes. The harvest took place earlier than usual. The grapes, in perfect condition thanks to the good temperature fluctuations and absence of rain, displayed excellent aromatic profiles and good acidity.

A Reserve of great elegance and balance in both structure and aromatic profile. The color is ruby red with garnet hues, intense and deep. On the nose, the bouquet is complex and mature, with balsamic notes of plum and small red fruits well integrated with spicy nuances and hints of tobacco. On the palate, it is full-bodied, with firm yet well-polished tannins. The finish is very elegant and harmonious.

The imposing structure makes it suitable for a long aging. It is perfect as a meditation wine. Excellent companion of succulent and savory dishes such as aged cheeses or cold cuts.
